Sunday tear-down / reload procedure:

When the festival is over, everyone (including our festival volunteers!) really wants to go home! To facilitate a smooth and orderly exit, a similar procedure to the pre-festival set-up will be in effect for tear-down and reloading Sunday evening. Please clean your area. Leave no zip tie or trash behind.

Please begin to disassemble your booth and pack-up your merchandise promptly at 5pm.

You can ride the shuttle back to the shuttle park & ride lot to pick up your vehicle. You may park temporarily in the QFC lot while you finish packing up your merchandise and dismantling your booth. *Plan to have everything packed and ready to load into your vehicle before you bring your vehicle onto Judson Street. Please clean up around your space. We will provide garbage bags and there will be plenty of large garbage cans on the street for your trash. Our volunteers will check be sure all areas are clean. If you leave your spot dirty, you will not be invited back.

Additional Important information:

No vehicles will be allowed on Judson during the festival hours.

Do not park cars, campers or RVs in the alleys or parking lots around Judson St.

Artist parking (for cars and vans) is available at the shuttle park-and-ride lot on Kimball Drive (at the Gig Harbor Medical Pavillion – see shuttle route map). For campers and RVs, there is a reasonably priced campground/RV park a few miles from the festival site.

Your booth must be fireproof. There will be a safety inspection Saturday morning. The Gig Harbor Fire Department requires that all tents, canopies and awnings used in the Festival must be fireproof. Newer tents are treated by the manufacturers and probably meet these requirements already. Older tents must be treated with a fire-retardant **before you arrive** at the Festival. In that case, please note the name of the product used, the date of treatment and the amount of retardant used. You can bring the label/can with you for easy identification. If your booth is not fireproofed, the Fire Department will require you to leave the Festival. Your entry fee **will not be refunded**.

You must have a fire extinguisher in your booth at all times, per GHFD regulations.

Wind safety. Booths must be securely tied down to protect your merchandise from the wind. You may want to secure your shelves, as well. Peninsula Art League is not responsible for any damage to your possessions.

Insurance. All festival participants must have their own insurance. Peninsula Art League is not responsible for any damage to your possessions.

Tax ID number. We must have your tax number on file.

Raffle tickets, etc. Washington State law prohibits the sale of raffle tickets or other fund-raising activities without proper permits.

No smoking. Smoking is not allowed on Judson Street (the Festival site).

No pets are allowed during set-up, dismantle or during the festival. Although we can't stop our visitors from bringing their dogs to the Festival, we must ask artists not to bring theirs.

Handcrafted items. Our screeners will be visiting the event and making sure that the art and crafts on the street are the handcrafted items that was screened. Please do not add imported or items that are not of your work or you will be asked to remove it and/or leave.

Tax Rate is 8.4%

Free coffee and donuts Saturday and Sunday from 7am to 9am, coffee provided by Dinkeys Donuts behind Key Bank each morning.

A few friendly suggestions:

Judson Street, as with any street, is not level. Please bring materials to level your booth on the street. There is a hardware store in the QFC shopping center above Judson Street where you can purchase supplies.

Identify your business. To draw attention to your booth and (hopefully) increase sales, it's wise to have a professional sign identifying your business. Hang it in a visible place above the booth entrance or on the back of your space.
